Sex Male | Date of birth 30/10/1995 | Nationality Romanian

ABOUT ME

I am an avid programmer, very passionate about coding, technology and learning all kinds of new things. I find coding to be the best way of bringing my ideas to life.

In my free time I like playing video games, watching movies, TV series, science-related documentaries, and international news, or just tinkering with old computers and hacking.

PERSONAL AND TECHNICAL SKILLS

Operating systems	Windows, Linux (Arch, Ubuntu), Android
Programming languages	C#, Bash, Python, Java (still learning), C (basics)
Development environments	Visual Studio, MonoDevelop, PyCharm, IntelliJ IDEA
Technologies	DotNet/Mono, WinForms, GTK#, Linux Shell
Spoken languages	Romanian (native), English (fluent), Spanish (learning)
Other skills	GIMP image editing, hardware tinkering, Raspberry PI

WORK EXPERIENCE

Personal projects as freelancer / school projects:

Detailed information about certain projects can be found on my website.

Narivia

A single-player 2D turn-based strategy game focused on economy and warfare, for Windows PCs.

Puzzle games collection

Remakes of many classic puzzle and board games, like Sokoban, Minesweeper, Memory Game and Sliding Puzzle.

Scripts, tools and utilities

A collection of scripts for Raspberry PI and desktops that automates various tasks on the local machine or on the web.

Faculty projects

- A software that manages a family doctor's patients and appointments. It contains a web server and a desktop client.

- A small application that manages a movie renting store. It's console-only, and can be used on any platform.
